

**HIV CONTINUUM OF CARE (CofC) COMMITTEE**  
**COMMITTEE OF THE HIV HEALTH SERVICES PLANNING COUNCIL**  
**AND**  
**THE HIV PREVENTION COMMUNITY PLANNING BOARD**

**DRAFT Work Plan Fiscal Year 2009 – 2010**

1. Provide guidance and support for the community planning process for HIV prevention. This will be accomplished through participation of Prevention Board members on the committee and inclusion of prevention issues as regular agenda items.
2. Address the local continuum of HIV and related services, including HIV care and treatment, HIV counseling and testing, HIV prevention, HIV/AIDS surveillance, HIV/AIDS research, STD and hepatitis services, alcohol and drug services, mental health and housing services.
3. Facilitate coordinated efforts to develop and update the San Diego Eligible Metropolitan Area (EMA) Estimate of Unmet Need for HIV Primary Care as defined and required by Health Services and Resources Administration (HRSA), to assess sub-populations with unmet need and consider methods to address this unmet need.
4. Oversee the needs assessment of HIV/AIDS services including people living with HIV/AIDS and provider surveys.
5. Maintain and periodically update and assess an inventory encompassing all related resources and services.
6. Consider coordination and integration of planning and services where feasible to maximize resources and provide guidance for population specific action plans.
