HIV CONTINUUM OF CARE (CofC) COMMITTEE
COMMITTEE OF THE HIV HEALTH SERVICES PLANNING COUNCIL
AND
THE HIV PREVENTION COMMUNITY PLANNING GROUP

Fiscal Year 2011 – 2012 Goals

1. Provide guidance and support for the community planning process for HIV prevention. This will be accomplished, as feasible, through participation of Prevention Group members on the committee and inclusion of prevention issues as appropriate.
2. Address the local continuum of HIV and related services, encompassing sexual health as appropriate. This includes HIV care and treatment, HIV counseling and testing, HIV prevention, partner services, HIV/AIDS surveillance, HIV/AIDS research, STD and hepatitis services, alcohol and drug services, mental health and housing services.
3. Facilitate coordinated efforts, as defined and required by Health Services and Resources Administration (HRSA) to develop and update:
 - Estimate of unmet need for HIV Primary Care
 - Estimate of people unaware of their status
 - Assessment of subpopulation with unmet needConsider methods to address unmet needs. Coordinate Test and Link to Care (TLC) initiative efforts for the Early Identification of Individuals with HIV and AIDS (EIIHA) through testing, notification of results and facilitated linkages to care.
4. Oversee the needs assessment of HIV/AIDS services including people living with HIV/AIDS and service providers.
5. Maintain and periodically update and assess an inventory encompassing all HIV related resources and services.
6. Consider coordination and integration of planning and services where feasible to maximize resources and provide guidance for population specific action plans.
